GIBB GROUP
MEDICAL & RESCUE

Service Description

EURIECA® Bridging Courses

As the renewable energy sector expands into increasingly remote environments, the need for advanced casualty care becomes increasingly paramount.

EURIECA® Bridging Courses provide a streamlined and cost-effective pathway for individuals already proficient in GWO Enhanced First Aid (EFA) to upskill to the EURIECA® standard, without the need to complete the full 3-day initial programme.

PURPOSE OF THESE COURSES

To establish a direct pathway for GWO EFA-trained personnel to attain EURIECA® certification, enhancing their proficiency in remote casualty management, while reducing training duration and expenditure.

WHY CHOOSE A EURIECA® BRIDGING COURSE

- **Cost-Effective & Efficient**: Ideal for new starters and contractors who need to align with EURIECA® standards
- **Standardisation Across Sites**: Aligns taught medical terminology, skills and training equipment
- **Advanced Training Aides**: Including the EURIECA® algorithm and aide-memoire
- **Expert-Led Instruction**: Delivered by instructors with extensive pre-hospital care experience
- **Curriculum Based**: Derived from the PHEM Level D endorsed initial EURIECA® Course (Faculty of Pre-Hospital Care, Royal College of Surgeons of Edinburgh), these courses cover selected core content.

COURSE FORMAT & ACCESS

- **1-Day EURIECA® Bridging Course:** For participants with a GWO EFA WINDA record that is less than 12 months old
- **2-Day EURIECA® Bridging Course:** For participants with a GWO EFA WINDA record that is over 12 months old (the 2-day course includes WINDA renewal).
- **Delivery Options:**
  - On-site at your location
  - Open courses across the UK and Europe
  - On-vessel delivery by Gibb Group offshore medics
  - Integrated into site inductions, including Emergency Response Plan & rescue stretcher familiarisation
  - Traditional classroom settings.
