GIBB GROUP
MEDICAL & RESCUE

Service Description

First Aid at Work (FAW) Course

First Aid at Work (FAW), as defined by the Health and Safety Executive (HSE), entails the provision of immediate care and assistance to individuals who sustain injuries or experience sudden illnesses.

This course equips the designated first aid practitioner with the necessary knowledge and skills to manage life-threatening and urgent medical conditions effectively.

COURSE SUMMARY

This course, delivered over 3 days, focuses on skill development and provides sound theoretical knowledge imparted by experts in the field.

Upon completion, students receive a First Aid at Work (FAW) certificate, valid for 3 years.

This course is equivalent to PHEM (Pre-Hospital Emergency Medicine) Level B, as defined by the Faculty of Pre-Hospital Care for providers.

COURSE SYLLABUS COMPRISES THE FOLLOWING KEY SUBJECTS:

- Primary Survey
- DRSABC
- Secondary Survey
- Recovery position
- Choking
- Anaphylaxis
- Asthma
- Crush injuries
- Diabetes
- Head injuries
- Strokes
- Poisons
- Seizures
- Burns
- CPR
- Bleeding
- Slings & dressings
- Internal bleeding
- Chest injuries
- Fractures
- Eye injuries
- Legislation
- First aid kits
- Record keeping

WHEN YOUR CERTIFICATE EXPIRES, YOU MAY WISH TO CONSIDER:

- **First Aid at Work Refresher** – An optional annual refresher course to keep you up to speed
- **First Aid at Work Requalification** – Compulsory to keep your qualification valid after 3 years.

Course summary:

- Duration: 3 Days
- Maximum Participants: 12 per instructor
- Course Prerequisites: None
- Certificate valid for: 3 years
- Flexible Choice of Venues: Client Site or Gibb training Centre

Course includes:

- Hands-on, practical training
- Delivery by certified healthcare professionals, who work at the forefront of pre-hospital care
