GIBB GROUP
MEDICAL & RESCUE

Service Description

IEC Basic Practitioner Course

The IEC Basic course is a concise and impactful training course that equips individuals with essential skills to respond effectively to life-threatening emergencies in various settings, including the workplace, home environment, and leisure activities.

Aligned with the Health and Safety Executive (HSE) standards for Emergency First Aid at Work (FAW), the course provides practical skills to handle life-threatening situations in diverse environments.

As with all Gibb Group courses, the primary focus is on skill development, complemented by sound theoretical knowledge delivered by experts who really know their subject

COURSE SUMMARY

The course, delivered over a single day, focuses on skills development and provides sound theoretical knowledge imparted by experts in their respective fields.

Upon successful completion, students are awarded both the IEC Basic and Emergency First Aid at Work (EFAW) certificates, which are valid for a period of 3 years.

This course is equivalent to PHEM (Pre-Hospital Emergency Medicine) Level B, as defined by the Faculty of Pre-Hospital Care for providers.

COURSE SYLLABUS COMPRISES THE FOLLOWING KEY SUBJECTS:

- Accident Management
- DRSABCD
- CPR
- AED
- Secondary Survey
- Unconscious Casualty
